Material	ABS
Average weight	0.113
Dimensions	6 x 6 x 4,5CM
Country of origin	China
Carton	100 pieces

DESCRIPTION

Compact speaker in ABS with a RPET polyester mesh cover, designed for portable use. The Escuche model pairs a rigid plastic base with a textile upper that protects the driver while allowing sound through. It includes a 300 mAh Li-ION battery for around 2 hours of playback and delivers 3W output (4 ?, 5V), suitable for personal listening and small gatherings. A magnet on the rear keeps the unit upright and enables use as a smartphone stand. Dimensions: 6 x 6 x 4.5 cm.

The design features a practical carrying loop and a stable plastic base; the mix of mesh textile and ABS offers durable everyday performance. Available in several colours, for example black. Minimum order: 50 pieces (colours and sizes combined) — this product is not available per piece.

This speaker can be personalised by pad printing, a method well suited to plastic surfaces. Recommended for companies, sports clubs, associations, events and private customers looking for a personalised speaker for promotional gifts, trade shows or staff giveaways.
