Material	PU
Average weight	0.056
Dimensions	6,5 x 9,5 x 0,8CM
Country of origin	China
Carton	250 pieces

DESCRIPTION

The Leamag magnetic cardholder in PU is a compact travel accessory designed to hold two cards and attach to the back of MagSafe-compatible phones — compatible with iPhone® 12 and later models. Its faux-leather finish gives a structured feel while remaining slim (6.5 x 9.5 x 0.8 cm), making it easy to carry in a pocket or bag. A magnetic metal ring is included so wireless charging remains possible on other non-magnetic phones, and the unit doubles as a stand to prop the phone upright.

Visible features include a profiled card pocket and a foldable panel that forms the kickstand; edge stitching reinforces durability. Care is simple: wipe with a damp cloth and mild soap to maintain the PU surface.

Customisable for companies, clubs, associations, events and corporate gifting, this personalised travel accessory can be marked by tampography, screen printing on objects or laser engraving. Minimum order: 125 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
