DESCRIPTION

Compact glass cube, model Kubeward, designed as a subtle desk item. Its precise-cut faces create a smooth, slightly reflective surface that highlights the clarity of the glass. Measuring 3.9 x 3.9 x 3.9 cm, it works well as a small award or keepsake and is presented in a gift box for professional delivery. The glass is easy to maintain with a soft cloth and glass cleaner.

The cube features clean edges and polished faces with no moving parts. Its small footprint ensures stability on a shelf or meeting table, and the flat surfaces provide excellent legibility for applied marks.

Customisable from 12 pieces, this personalised desk accessory can be decorated by digital printing, pad printing or laser engraving depending on the finish required. Recommended for companies, associations, clubs and events seeking a refined small trophy or client gift presented in a box.
