Ref. 2671

Reference	2671
Composition	Stainless steel
Material	Stainless steel
Average weight	0.23
Dimensions	7 x 22,5CM
Country of origin	China
Carton	40 pieces

DESCRIPTION

The Geiser single-wall bottle holds 700 ml and is designed for everyday use: a slim cylindrical profile, an acacia wood screw cap and a rubberised finish for a secure grip. Made from stainless steel (90% recycled stainless steel, 10% stainless steel), it is lightweight and durable. As a single-wall bottle, it does not provide thermal insulation, so heat transfer can occur with very hot or cold drinks. Dimensions: 7 x 22.5 cm.

The visible design favours a minimalist aesthetic with neat details (screw wooden cap, matte textured surface). Available in several colours such as Mint, Black or White, it suits organisations seeking a practical, branded drinkware option for staff, events or merchandising.

Customisation is possible by digital printing, laser engraving, screen printing on objects or pad printing. Minimum order: 20 pieces (colours and sizes combined). Ideal for companies, clubs, associations and event giveaways — our studio can also retouch or vectorise your logo for production.
