Double wall jug 1L

Ref. 2674

Reference	2674
Composition	PP
Material	PP
Average weight	0.875
Dimensions	19 x 21,3CM
Country of origin	China
Carton	4 pieces

DESCRIPTION

1 L insulated carafe designed for serving hot or cold beverages. The vacuum double-wall construction pairs a recycled stainless steel inner liner with a PP outer shell for thermal performance and lightweight handling. The straight, angular wooden handle aids pouring and the integrated spout allows controlled flow. The Servir model comes in several colour options, for example black, and measures approximately 19 x 21.3 cm.

The lid fits snugly and the carafe's clean cylindrical profile keeps maintenance simple. The matte PP exterior resists marks and provides a pleasant tactile finish. Practical for meeting rooms, office kitchens, events and hospitality settings where understated design and functionality are required.

Customisation available by digital printing, pad printing, laser engraving or doming. This item cannot be ordered per piece: minimum order 2 pieces (colours and sizes combined). Suited to businesses, clubs, associations and private customers; our graphic studio can retouch or vectorise your logo.
