100W charging cable type-C

Ref. 2676

Reference	2676
Composition	PET
Material	PET
Average weight	0.023
Dimensions	100CM
Country of origin	China
Carton	200 pieces

DESCRIPTION

Type-C to Type-C charging and data cable, 1 m long, made from PET and capable of charging up to 100 W and data transfer up to 480 Mbps. The slim, flexible jacket makes the cable easy to route and store, while a small integrated LED module displays the charging power for quick visual feedback. The Typso model features moulded connectors and a discreet finish suitable for both corporate and consumer use.

The cable is offered in 1 colour (e.g. black) and measures 100 cm. The plastic construction is easy to maintain — wipe with a dry or slightly damp cloth. Its length and suppleness make it practical for desks, trade stands and shared spaces where fast charging is required.

Customisable by laser engraving or pad printing, this phone accessory is ideal for companies, events, clubs and organisations seeking a useful branded gift. Minimum order: 100 pieces (colours and sizes combined) — smaller quantities may be possible with additional fees. Free quote within 24 hours on weekdays; standard production 10 working days; collection in our Evere workshop or delivery in Belgium, France and Luxembourg. Graphic studio available to prepare or vectorise your logo.
