Country of origin	China
Carton	200 pieces

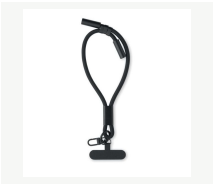

DESCRIPTION

This personalised phone accessory in PET is a 45 cm charging and data cable wristband (USB-C to USB-C, 60W) featuring a cord-style loop and keyring attachment. The PET construction gives a braided look and comfortable wear on the wrist; the small clip and cord holder make it easy to attach to a phone or add a cable support. The Vrist model is practical for events, promotions and everyday carry and can be wiped clean with a damp cloth.

The product image shows a tubular cord with cylindrical end caps and a small carabiner-style hook at the lower end for fixing rings or accessories. At 45 cm long it works as a wrist lanyard or a hanging strap. The item is supplied in 1 colour (black) as stated on the product sheet.

Customisation options include digital printing, doming, laser engraving and pad printing. Ideal for businesses, associations, events and clubs seeking a useful, brandable giveaway. Minimum order: 100 pieces (colours and sizes combined) — free weekday quote available.
