DESCRIPTION

The Flecar wireless charger (ref. MO2686) is an ABS car accessory designed for inductive charging of compatible phones, including iPhone 12 and later. Its slim profile features a circular magnetic charging pad and a flexible arm allowing the device to be positioned for navigation and hands-free use. The ABS housing is low-maintenance and can be cleaned with a soft cloth.

The unit includes a self-gripping mount suitable for dashboard or air-vent placement and comes with an additional magnetic metal ring to support non-magnetic phones that still charge wirelessly. Its compact dimensions (6 x 1.4 x 21 cm) keep it unobtrusive while providing stable support during drives.

This personalised wireless charger can be customised by laser engraving or pad printing. Minimum order: 25 pieces (colours and sizes combined). Recommended for businesses, fleets, associations, events and individuals seeking a practical branded gadget. personalised wireless charger
