DESCRIPTION

Adult earflap beanie in a trapper/chapka style, knitted in acrylic with a polyester and fleece lining for added warmth and comfort. It features long earflaps, a pompom and an enveloping shape; dimensions 25x35 cm. The synthetic construction makes it easy to care for during regular winter use.

The knit and plush lining provide good fit and insulation, with earflaps that hang naturally and can be tied using the cords seen in the photo. The design is intended for outdoor activities (walks, events, promotional uses) and suits adults seeking a warm, soft-finished hat.

Customisation is available for companies, sports clubs, associations, events and individuals; the item comes in several colours such as black and grey and is available from a minimum order of 15 pieces (colours and sizes combined). Possible techniques: personalised beanie via embroidery, laser engraving, multicolour transfer, DTF printing or flex. Your logo can be applied on the supplied label or another suitable area after artwork approval.
