Reference	2689
Composition	Glass
Material	Glass
Average weight	0.3
Dimensions	DIA6CM x 5,9 x 5,9CM
Country of origin	China
Carton	20 pieces

DESCRIPTION

This LED glass sphere features a clear glass orb seated on a square rubberwood base, designed as a decorative desk accessory or subtle night light. The integrated LED delivers 100 lumens and recharges via the supplied 90 cm USB cable. The glass provides a smooth, reflective surface while the wooden base offers a stable, natural presence. Compact dimensions (DIA6CM x 5.9 x 5.9 cm) make it easy to place on a desk or reception counter.

The FSC®-certified wood base gives a neat finish; both glass and wood are best kept clean with a soft cloth to preserve their appearance. The charging cable detaches for neat storage. The item is offered in several wood-tone colour options.

Customisation is available by laser engraving or pad printing; this personalised desk accessory suits companies, hotels, clubs and events looking for a tasteful, practical gift. Minimum order: 10 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; our graphic studio can vectorise your logo.
