Ref. 2690

Reference	2690
Composition	Glass
Material	Glass
Average weight	0.3
Dimensions	DIA6CM x 5,9 x 5,9CM
Country of origin	China
Carton	20 pieces

DESCRIPTION

The Globe Light is a glass desk accessory, a 6 cm-diameter sphere seated on a hevea wood base certified by FSC®. The glass globe houses a 100-lumen LED powered by the included 90 cm USB cable, offering a compact decorative light for desks, receptions or shelves. The glass surface is easy to keep clean with a soft cloth; avoid abrasive cleaners on the wooden base.

The wooden base provides a stable platform and the item has clean, functional finishes with no moving parts. Its small footprint (DIA 6 cm x 5.9 x 5.9 cm) makes it suitable for tight workspaces, while the USB connection allows straightforward power from a computer or adapter.

The Globe Light can be personalised by laser engraving or pad printing, making it a fitting choice for companies, sports clubs, associations, events or corporate gifts. Minimum order: 10 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; standard production and collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
