Reference	2695
Composition	Paper
Material	Paper
Average weight	0.23
Dimensions	21 x 14,5 x 1,7CM
Country of origin	China
Carton	50 pieces

DESCRIPTION

The Sugar A5 notebook features a rigid cover and glued spine, measuring 21 x 14.5 x 1.7 cm, with 160 lined pages (80 sheets) made from PLA derived from sugarcane (65% sugarcane fibre / 35% paper). Its compact, flat format is designed for everyday office or mobile use — note-taking, meetings and project notes — providing a more sustainable alternative to standard paper notebooks.

The hardcover protects the pages while the glued binding gives a stable opening. The notebook is available in several colours, for example Black, White or Mint Green, and its solid finish is suited to regular use; keep the item dry to preserve the PLA material. Dimensions make it easy to carry on commutes or use on a desk.

This personalised notebook can be marked by embossing, object screen printing or pad printing depending on the desired result. Ideal for companies, clubs, associations and events looking for a durable promotional item or corporate gift. Minimum order: 25 pieces (colours and sizes combined). Our graphic studio can retouch or vectorise your logo to ensure the best imprint quality.
