DESCRIPTION

This item is a plant-wax candle presented in a cylindrical glass jar, model Kivas Wood, designed to add a subtle vanilla scent and atmosphere to interiors. The wooden wick produces a gentle flame with a soft crackle; the compact dimensions (6.1 x 6.1 x 7.3 cm) and glass vessel make the candle easy to handle and clean once the wax is gone. It suits gifting, hotel or event use and decorative displays.

The burn time is around 14 hours, appropriate for occasional event use or as part of welcome packs. The jar has a clean, straight-sided profile without a lid, allowing simple placement on counters or tables. The product is offered in several colours, for example black, white or transparent, to match different brand styles.

As a personalised candle, this model requires a minimum order of 30 pieces (colours and sizes combined). Customisation techniques available include screen printing, laser engraving, pad printing and digital printing. Ideal for companies, hotels, associations and events — our studio can prepare or vectorise your logo for printing.
