Reference	2715
Composition	ABS
Material	ABS
Average weight	0.13
Dimensions	13.8*5.5*3.59CM
Country of origin	China
Carton	100 pieces

DESCRIPTION

Compact digital luggage scale in ABS designed for travel use. This unisex model features a slim rectangular body with rounded edges, an integrated LCD display and a clearly placed function button on the top. A woven strap with a metal hook enables secure attachment of suitcases and bags for stable weighing. The scale is self-powered — no batteries required — by repeatedly pulling the loop to charge the mechanism, as specified by the supplier. Dimensions: 13.8 x 5.5 x 3.59 cm.

The elongated shape provides comfortable one-handed operation and the swivelling hook eases attachment. The ABS casing offers impact resistance suitable for regular travel. Cleaning is straightforward with a damp cloth; do not immerse. Available in several colours (eg. Titanium).

Customisation options include digital printing, doming and pad printing. Ideal for companies, clubs, associations, events and private individuals looking for a practical personalised travel accessory. Minimum order: 50 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; collection in Evere or delivery in Belgium, France and Luxembourg.
