Country of origin	China
Carton	20 pieces

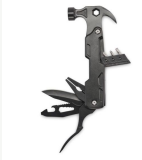

DESCRIPTION

Multifunction hammer in stainless steel, compact (16 x 7.5 x 2.5 cm) and designed for everyday tasks. The Multihammer combines a hammer head with a claw and a hex wrench hole, plus a handle housing several foldable tools: pliers, knife, file, wire cutter, screwdrivers and a bottle opener. The stainless steel construction provides durable performance while remaining easy to carry.

The product features a side bit holder with multiple bits, and the serrated jaw and blade edges visible in the photo are suited to common repair jobs. Metal parts are joined by rivets for a secure feel; maintenance is limited to occasional cleaning and drying after use.

Customisable from a minimum order of 10 pieces (colours and sizes combined), this Multihammer can be marked by digital printing, doming, laser engraving or pad printing. Suitable for companies, clubs, associations, events and individual gifts. Free quote within 24 hours on weekdays; collection in our Evere workshop or delivery in Belgium, France and Luxembourg. personalised tool.
