DESCRIPTION

Compact, powerful portable fan designed for mobile use. This unisex ABS gadget features a straight handle with a side button and a conical air nozzle that focuses airflow. The built-in 4000 mAh battery supports multiple modes: duster, blower, fan and a light hair-dryer function. At 13 x 10 x 3.6 cm it slips easily into a bag or vehicle compartment; the matte ABS finish gives a secure grip and is easy to wipe clean.

Multiple speed settings and integrated LED lighting make it useful in the car, at a desk or outdoors. The T-shaped silhouette and directing nozzle simplify targeted airflow for inflating camping mattresses or clearing dust and light debris.

Customisation available by DTF printing (DTF printing) or pad printing (tampography). Suited to businesses, clubs, associations and promotional giveaways. Minimum order: 10 pieces (colours combined). Free quote within 24 hours on weekdays and our studio can prepare or vectorise your logo.
