DESCRIPTION

Compact MDF cuckoo desk clock shaped like a small house, designed for use in offices and bedside settings. The front includes a white LED display showing time and temperature. The integrated alarm features a cuckoo sound that chimes on the hour and at the set alarm time, with an automatic silent mode between 22:00 and 06:00. Material: MDF with a light wood effect; dimensions 7.3 x 6.7 x 9.9 cm, making it suitable for a desk, reception area or bedside table.

The alarm offers 5-minute snooze intervals. The circular front opening evokes the cuckoo feature and the smooth, wood-effect finish gives a discreet, professional look. Its compact footprint means it fits easily into different work or hospitality environments without taking up much space.

Customisation available by digital printing, doming, laser engraving or pad printing. Minimum order quantity: 20 pieces (colours and sizes combined).
