DESCRIPTION

This compact MDF desk accessory (9.0 x 6.7 x 15.8 cm) is shaped like a small house and suits a workspace, shelf or bedside table. The smooth MDF surface is easy to wipe clean and features a white LED display for time and temperature, offering a neat, unobtrusive look.

The cuckoo emerges and sounds on each new hour and at the set alarm time; a silence mode is active between 22:00 and 06:00. The alarm includes 5-minute repeat intervals, making the clock practical for everyday office, association or event use.

This personalised desk accessory can be customised for companies, clubs, associations and events using digital printing, doming, laser engraving or pad printing. Minimum order: 15 pieces (colours and sizes combined). Our studio can retouch or vectorise your logo to ensure a crisp finish on MDF.
