Reference	2746
Composition	ABS
Material	ABS
Average weight	0.21
Dimensions	13 x 5 x 6CM
Country of origin	China
Carton	40 pieces

DESCRIPTION

The Onda portable radio in ABS is a compact unit (13 x 5 x 6 cm) for on-the-go use: AM/FM radio, side-mounted speaker, tuning dial and control knobs on the front. It features an LED torch at one end with two brightness settings and a solar panel on top for trickle charging, together with a hand crank and a 1200 mAh powerbank for emergency recharges. A wrist strap aids portability and the mechanical controls are straightforward to operate.

The ABS housing makes it easy to maintain — a wipe-down is usually sufficient. Its small footprint makes this radio suitable for outdoor events, trade shows and emergency kits.

Promotional item for companies, clubs, associations and events: the product is available from a minimum order of 20 pieces (colours and sizes combined). Customisation techniques: tampography, digital printing, doming. Free quote within 24 hours on weekdays; collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
