DESCRIPTION

The Vitrio Mug is a 300 ml glassware piece designed for hot and cold drinks, featuring a straight profile and a round handle for comfortable grip. The ribbed glass gives texture and structural strength while remaining easy to maintain. A FSC®-certified acacia lid provides a natural finish and offers a practical cover. Dimensions: 12 x 9.5 cm.

The body shows vertical ribs and a recessed circular panel specifically suited to receive a branded mark; the stable base and compact proportions make it suitable for daily use at the office, retail points or events. The wood lid adds a tactile contrast to the glass.

Customisable from 10 pieces, the mug can be marked by laser engraving or pad printing depending on the desired look. Suitable for companies, sports clubs, associations, events and individuals seeking a useful branded gift. Personalised glassware — free quote within 24 hours on weekdays.
