DESCRIPTION

Cylindrical double-wall lunch container made from stainless steel (90% recycled stainless steel, 10% stainless steel) with a PP lid, designed to hold 500 ml. The insulated construction helps keep contents hot or cold while reducing condensation, making it suitable for individual meals at work, school or on the go. Dimensions Ø10 x 14 cm offer a compact footprint for easy transport.

The lid fits neatly onto the base and includes a visible gasket to improve leak resistance; the smooth, straight-sided profile makes cleaning straightforward. Its understated finish and practical size make it easy to slip into a bag. Available in several colours (Black, White, Navy Blue).

The personalised lunchware can be customised by digital printing, laser engraving, screen printing on objects or pad printing depending on the surface and desired effect. Recommended for companies, clubs, associations, events or corporate gifts — minimum order: 10 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; graphic studio available to prepare or vectorise your logo.
