Average weight	0.018
Dimensions	15 x 1.5 x 0.8CM
Country of origin	China
Carton	300 pieces

DESCRIPTION

The Blade utility cutter is a compact, practical tool in ABS with a carbon steel blade, made for precise cutting tasks. Its 15 cm casing provides a slim, grippable profile and the slider gives controlled blade extension for accurate cuts on cardboard, film or paper. It is offered in several colours, including black, blue and orange, and is easy to maintain by wiping the ABS body.

The photo shows the model with a locking slider to secure the blade at the required length, and a rear end cap that keeps the blade safe when retracted. At 15 x 1.5 x 0.8 cm it is easy to store in a workshop kit or pocket of a work garment.

This cutter is available as a personalised tool: marking by digital printing or tampography depending on the print area. Suitable for companies, sports clubs, associations, events and individuals looking for practical branded items. Minimum order: 150 pieces (colours combined); our graphic studio can retouch or vectorise your logo if needed.
