DESCRIPTION

This bamboo salt and pepper set comprises two compact blocks (10 x 5 x 7 cm) that connect magnetically for convenient storage. Made from bamboo, it has a natural, subtly grained surface and a cubic profile with softened edges, built for everyday kitchen use. A PP stopper at the base allows easy refilling; hand cleaning is recommended to maintain the material.

The straightforward construction favours durability: no moving parts, just two pieces joined by magnets. Its compact shape makes it easy to handle and store on a countertop or in a drawer. The product is offered in several natural finishes, for example wood tone, bamboo and raw finish.

This personalised kitchen utensil can be customised by laser engraving or pad printing, depending on the desired look. Suitable for companies, restaurants, clubs, associations and events, and as a gift for individuals. Minimum order quantity: 25 pieces (colours and sizes combined). Our design studio can prepare or vectorise your logo and we provide a free quote within 24 hours on weekdays.
