DESCRIPTION

The Suma Grip double-wall bottle (500 ml) is made from recycled stainless steel (90% recycled + 10% stainless steel) and is designed to keep drinks hot or cold while remaining compact (Ø7.4 x 22 cm). It features an integrated straw and spout plus a carry handle. The leak-proof cap and stainless construction make it suitable for everyday use at work, during sports or while travelling.

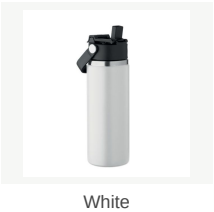

The supplied image shows a slim, practical profile with a one-hand operable lid and a metallic ring at the neck. The spout works with the built-in straw and the handle makes it easy to attach to a bag. Care: rinse and wash by hand following standard guidance for stainless steel bottles.
