Braided magnetic cable in RPET

Ref. 2778

Reference	2778
Composition	PE
Material	PE
Average weight	0.04
Dimensions	28 x 35 x 32CM
Country of origin	China
Carton	200 pieces

DESCRIPTION

The Braid magnetic braided cable is made from RPET with aluminium connectors, Type-C to Type-C, 1 m long. Built for 60 W fast charging and tangle-free use, the braided sleeve gives a durable, flexible feel while the magnetic feature keeps the cable neatly coiled. Connectors are slim for easy insertion. Wipe clean with a damp cloth.

Its reinforced braided construction reduces wear at flex points and keeps the cable tidy when stored. Offered in several colour options (Black, White/Black) — minimum order: 100 pieces (colours combined).

Personalise this personalised phone accessory with laser engraving or pad printing to add your logo. Suited to companies, clubs, associations and events; free quote within 24 hours on weekdays, with studio support for logo work and delivery or collection options.
