DESCRIPTION

The Flyhigh cabin backpack is designed for business travel and short trips. Made from RPET (recycled polyester), it provides a sturdy yet lightweight construction with a dedicated shoe compartment and a padded pocket for a 15'' laptop. Its vertical profile and padded shoulder straps deliver comfortable carrying; a top grab handle makes handling easy. Dimensions: 30 x 20 x 40 cm. Care: wipe clean with a damp cloth to remove dirt and dust.

Practical details include multiple front and top zips, side compression straps, a trolley pass-through and mesh straps for secure stowage. The organised layout lets you separate footwear from electronics, making it well suited to daily commuting and travel.

Personalise this personalised backpack using screen printing on objects, multicolour transfer, DTF printing or flex for your logo. Minimum order: 10 pieces (colours and sizes combined). Recommended for companies, sports clubs, associations, events and private gifts. Our studio can vectorise or retouch your logo before production.
