Aluminium torch

Ref. 2786

Reference	2786
Composition	Aluminium
Material	Aluminium
Average weight	0.05
Dimensions	2.1 x 2.1 x 10CM
Country of origin	China
Carton	200 pieces

DESCRIPTION

Compact aluminium torch made from recycled material, designed for regular use by businesses, clubs or individuals. Its slim cylindrical shape and wrist strap provide a secure grip; it runs on a replaceable, rechargeable 14500 lithium battery (400 mAh) and outputs 110 lumens with three brightness levels to suit different tasks. Dimensions: 2.1 x 2.1 x 10 cm.

The Lume model features a metal finish, a discreet pocket clip for easy attachment and a wrist cord to prevent drops. The aluminium construction gives good durability for everyday handling, and the head-mounted switch makes changing modes straightforward. Care is minimal: keep free of dust, recharge the battery as needed and replace the 14500 cell when required.

Can be customised by laser engraving or pad printing; ideal as personalised torch for corporate gifts, sports clubs, associations, events and individual orders. This item has a minimum order quantity of 100 pieces (colours and sizes combined) — smaller quantities can be arranged with additional fees. Free quote and graphic studio services available.
