Reference	2789
Composition	Stainless steel
Material	Stainless steel
Average weight	0.432
Dimensions	7.2 x 28.5CM
Country of origin	China
Carton	25 pieces

DESCRIPTION

Practical 2-in-1 bottle for on-the-go use with a total capacity of 610 ml and an integrated cup of 350 ml. The cup is made from recycled stainless steel and the upper section from Tritan, supplied with two PP lids and a carry loop on the cap for easy transport. Slim dimensions (7.2 x 28.5 cm) suit car cup holders and bags. Care is straightforward: disassemble components before cleaning and follow the manufacturer’s washing guidance.

The double-walled cup offers secure handling and helps maintain drink temperature. The design separates the drinking cup from the main body, making pouring and cleaning easier. Visible details include a screw cap with a practical opening mechanism and a cylindrical stable base; joins and seams are unobtrusive for regular use.

Suited to companies, sports clubs, associations, events and private customers: personalised bottle available with digital printing, laser engraving, screen printing (on items) or pad printing. Minimum order: 13 pieces (colors and sizes combined). Free quote within 24 hours on weekdays, standard production and collection from our Evere workshop or delivery in Belgium, France and Luxembourg.
