Dimensions	3.8 x 5.4 x 0.17CM
Country of origin	China
Carton	1000 pieces

DESCRIPTION

Aluminium keyring in the shape of a paddle racket, model Kepad, made from recycled aluminium and designed for promotional use. Its compact dimensions (3.8 x 5.4 x 0.17 cm) and triangular cut-out create a clean, functional silhouette. Lightweight yet sturdy, it fits neatly on a keyring and requires minimal care — a quick wipe with a soft cloth keeps it in good condition.

The keyring is offered in several colours — for example black, blue and matte silver — and combines an aluminium body with a standard metal split ring. The flat surface and precise edges make it particularly suitable for marking and ensure reliable wear resistance for items produced in large quantities.

Customisable by laser engraving or pad printing, this personalised keyring is suited to businesses, sports clubs, associations, events and private customers looking for a useful, branded giveaway. Minimum order quantity: 500 pieces (colours and sizes combined).
