DESCRIPTION

This Open Goal keyring is made from AS with a metal split ring. The round tag (Ø 3.7 cm) features a notch serving as a bottle opener while remaining slim and pocket-friendly. The flat profile and visible metal surround provide a robust finish for everyday use; the smooth surface can be wiped clean with a damp cloth.

The hexagonal football pattern appears slightly raised on the tag, improving grip and protecting the branded area. Its compact round shape makes it practical for giveaways at events or as a compact personal accessory.

This personalised keyring can be marked by laser engraving or tampography, techniques suited to rigid surfaces. Recommended for football clubs, associations, companies and promotional events: minimum order 100 pieces (colours and sizes combined). YourVisualHere provides a free quote within 24 hours on weekdays and offers collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
