DESCRIPTION

Decorative LED bulb in soda-lime glass, compact at 7 x 12 cm, designed as a desk accessory to add atmosphere to a workspace, shelf or reception area. The bulb runs on batteries (2x CR2032 included) and features a visible LED filament shaped like a heart, offering a decorative effect without electrical installation. Care is minimal: gently dust the glass with a soft cloth.

The spherical shape, stylised base and exposed filament create an attractive decorative piece, suitable for events or as promotional merchandise. Its compact dimensions make it easy to ship and display. The item is available in 1 colour, for example Fuschia Fluo.

Customisation by pad printing (pad printing) is possible on the glass or base. Ideal for companies, sports clubs, associations, events and corporate gifts. Minimum order: 25 pieces (colours and sizes combined). Free weekday quotes within 24 hours and our design studio can adjust or vectorise your logo.
