DESCRIPTION

RPET bottle with a 500 ml capacity (Ø6.5 x 21 cm), designed for everyday use. Its straight profile, wide mouth and screw cap with an attachment point and carabiner make it easy to carry and clip on bags. The RPET material gives a transparent, lightweight feel and is simple to clean with soap and water. Available in multiple colours, it suits events, outdoor activities and promotional giveaways.

The photo shows a smooth-walled bottle with a stable base and a secure screw closure. The seamless design makes marking straightforward and maintenance easy — a practical object built for regular use without textile elements.
