DESCRIPTION

The Borea sunglasses feature a lightweight PC frame and provide UV400 protection for outdoor use. Their slightly rounded rectangular shape and rigid temples give a secure fit; the model is unisex and intended for adults. With compact dimensions of 14.2 x 4.6 x 14 cm, they are easy to store and carry.

This item is offered in 1 colourway: multicolour, showing a graduated effect across the frame as seen in the photo. The design is straightforward with no removable parts, making maintenance simple — clean the lenses with a microfibre cloth. The robust build suits event giveaways and promotional packs.

Personalisation options include doming and tampography on the temple or bridge — perfect for companies, clubs, associations and events. Minimum order: 125 pieces (colours and sizes combined). A free quote and logo artwork support are available.
