DESCRIPTION

This personalised drawstring bag is made from RPET non-woven and offers a lightweight, practical option for events, promotions and giveaways. Its simple rectangular cut measures 33.5 x 42 cm, providing enough room for documents, a water bottle and small essentials. The RPET material (80 g/m² as supplied) balances durability with lightness and can be spot-cleaned or hand-washed when needed.

The bag features a drawstring closure with cords running through reinforced corner eyelets, visible side seams and a straightforward finish without zips or internal pockets. Its flat profile makes it easy to store and transport in bulk for distributions or event packs.

Customisation options include screen printing, multicolour transfer, DTF printing and flex, making this bag suitable for companies, sports clubs, associations, schools and event organisers. Minimum order: 100 pieces (colours combined). We provide a free quote within 24 hours on weekdays; standard production and collection from our Evere workshop or delivery to Belgium, France and Luxembourg.
