Carton	200 pieces

DESCRIPTION

The Flash sunglasses are a sport-oriented accessory made from PC with a single shield lens and UV400 protection. The wraparound, angular design and integrated nose bridge provide broad facial coverage and a secure fit for active use; the straight temples visible in the photo help keep the glasses in place during movement. Available in several colours such as black, blue or orange.

Details focus on functionality rather than embellishment: a one-piece visor lens, defined edges and a sturdy frame profile. Clean with a microfibre cloth and avoid solvents to protect the mirrored finish.

These glasses can be personalised by digital printing, pad printing or doming, making them suitable for companies, sports clubs, associations, events and promotional campaigns. Minimum order: 100 pieces (colours and sizes combined). Not a textile product — collection at our Evere workshop or delivery in Belgium, France and Luxembourg. personalised sunglasses
