DESCRIPTION

This wooden medal, Best model, is designed for sports events and leisure activities. Made from wood with a cotton neck strap and a wheat straw/PP buckle, it provides a lightweight, simple solution to reward participants after a race or competition. Its round shape and dimensions (DIA7X0.4CM) make it a compact, unobtrusive keepsake that is easy to wear and store.

The cotton strap offers comfortable wear and the wheat straw/PP buckle gives a basic but functional fastening suitable for occasional use. The smooth wooden surface is well suited to visible customisation and keeps a natural, understated appearance ideal for clubs and event organisers seeking a sustainable-feeling award.

This personalised medal can be customised by laser engraving, pad printing, screen printing on object, multicolour transfer, DTF printing or flex. Recommended for businesses, sports clubs, associations, schools, events and private customers. Minimum order: 250 pieces (colours and sizes combined).
