DESCRIPTION

Small plush toy (17 x 16 cm) designed for children: soft PET-Cotton fur, embroidered eyes, nose and mouth, dressed in a sewn nurse outfit with a cap and a short dress. Its seated cut and proportions make it easy for young children to handle; spot cleaning is recommended to preserve the plush texture and garment.

Visible details include a printed cap and a white dress stitched to the body, neat seams and a uniform fluffy surface. The compact, seated silhouette provides good stability and makes the item convenient for storage and distribution as promotional gifts.

Customise this item as a personalised plush toy using transfer printing, DTF printing, flex or sublimation depending on placement and finish. Minimum order: 75 pieces (colours and sizes combined); smaller quantities may be possible with additional fees. Suited to hospitals, healthcare associations, events and corporate gifts — our design studio can retouch or vectorise your logo prior to production.
