Country of origin	China
Carton	20 pieces

DESCRIPTION

The Flysafe cabin backpack is a unisex, rectangular design made from RPET 600D, built for organised travel. It features one main compartment with two open sections, a mesh division and a padded sleeve for a 15'' laptop. A padded top handle and adjustable shoulder straps deliver comfortable carrying, while the structured build keeps contents tidy. Care is straightforward: spot-clean as needed.

Functional details include a vertical zipped front pocket for quick access, a trolley pass-through to secure the bag on luggage and a side pocket for a bottle or small items. Visible stitching and sturdy zips contribute to the bag's durability and shape retention during daily use. The backpack comes in several colour options, for example royal blue, black and ochre.

This personalised backpack is ideal for companies, sports clubs, associations, events and corporate gifts. Available marking techniques: screen printing on objects, multicolour transfer, DTF printing and flex. As an promotional item, it is not sold per piece — minimum order 10 pieces (colours and sizes combined); lower quantities can be arranged with additional fees.
