Average weight	0.234
Dimensions	24 x 15 x 1.8CM
Country of origin	China
Carton	50 pieces

DESCRIPTION

Wooden tabletop football set designed as an indoor game for children. The solid wood board features raised edges to keep the ball in play and includes players, a ball, a shooter and marking pegs. Measuring 24 x 15 x 1.8 cm, it is compact and easy to place on a table or take along for events. The wooden surface is easy to maintain with a dry or slightly damp cloth.

The construction is straightforward and sturdy: fixed player pegs, open goal areas on the sides and small posts to mark teams. Rounded corners and sanded finishes minimise splinters, making it suitable for clubs, schools and youth activities. Its small footprint simplifies storage and transport between events.

Customize this personalised indoor game with laser engraving or tampography to add a logo, team name or date. Minimum order: 25 pieces (colours and sizes combined) — smaller quantities may be possible with additional fees depending on the item. Suitable for companies, sports clubs, associations, schools and promotional events; our design studio can retouch or vectorise your logo prior to marking.
