DESCRIPTION

The Magrec 75 is a rectangular PVC magnet (5 x 7.5 x 0.15 cm) with a protective laminate finish. Designed for office and home use, it attaches to metal surfaces and is easy to wipe clean with a damp cloth. Rounded corners and a slim profile give a tidy appearance while keeping it discreet in use.

The laminated surface reduces scratches and produces a sharp print result, making it suitable for promotional distribution or on-desk displays. Available in 1 colour: white.

Customisation is available by pad printing or digital printing for companies, clubs, associations, events and individuals. As a promotional item it carries a minimum order quantity of 250 pieces (colours and sizes combined); smaller quantities can be produced for an additional fee. Our design studio can retouch or vectorise your artwork prior to production.

COLOURS (1)

White
