Country of origin	China
Carton	200 pieces

DESCRIPTION

The Sulimdot mouse pad is a round desk accessory designed for daily use at the office or at home. It features a PE top layer suitable for sublimation printing and a rubber non-slip base to keep the pad steady on the desk. With a diameter of 21 cm and a thickness of 0.2 cm, it has a slim profile that fits compact workstations. The surface is easy to clean and withstands normal daily wear.

The circular format and smooth finish make it a practical canvas for full-bleed or partial sublimation prints; the textile-like PE surface reproduces designs accurately. Its compact size suits laptops, portable keyboards and shared desks without restricting mouse movement.

Customisable by sublimation, this item is suitable for companies, sports clubs, associations, events and private customers. Minimum order: 100 pieces (colours and sizes combined). Our graphic studio can retouch or vectorise your logo; free quote within 24 hours on weekdays. personalised mouse pad
