DESCRIPTION

The Shield sport beanie is made from 100% polyester — lightweight and breathable to wick moisture during outdoor or indoor training. Its close-fitting cut and compact size (28 x 16 cm) provide low-profile support under a helmet or during cardio sessions, making it suitable for teams, clubs and sporting events. The beanie comes in several colours, for example black, blue or white.

The product shows panelled construction with flat seams and a simple folded hem for secure wear without added bulk. The fabric has a fine mesh-like texture for ventilation and the turned edge reduces irritation; follow the manufacturer's care instructions.

Customisation available by screen printing (object), multicolour transfer, DTF printing or flex to produce a personalised beanie for companies, clubs, associations and events. Minimum order: 150 pieces (colours and sizes combined) — smaller quantities can be arranged with additional fees. Free quote within 24 hours on weekdays; in-house artwork studio can prepare or vectorise your logo.
