DESCRIPTION

Large lightweight beach mat in polyester (200x210 cm) designed for outdoor leisure use. The Nosand model has a square cut and a slim profile that makes it easy to carry and dry; made from PE, it provides practical resistance for sandy environments. The mat comes in several colours, for example Black and Turquoise, and includes a matching drawcord pouch for transport.

Four black hooks at the corners allow the mat to be anchored against light wind, and visible reinforced edges help keep it flat on the sand and reduce wear. The pouch keeps the mat compact for storage and a simple rinse with water is generally sufficient to clean this type of material.

Personalise this personalised beach mat with suitable marking techniques: screen printing, multicolour transfer, DTF printing or flex. Recommended for companies, sports clubs, associations, schools, youth movements and private customers. Minimum order: 20 pieces (colours and sizes combined).
