DESCRIPTION

Rectangular stainless steel lunch box made from recycled stainless steel with a 750 ml capacity and rounded corners. Its compact dimensions (18 x 12.3 x 6 cm) and secure side clasps keep meals and snacks safely contained. The brushed metal finish offers durable wear and straightforward cleaning—rinse and dry after use to maintain the stainless steel.

The lid locks in place with two lateral clasps rather than visible hinges, simplifying cleaning and ensuring a compact profile for storage in bags or coolers. The simple rectangular shape optimises space and stacking.

Suitable for businesses, clubs, associations, events and individuals looking for a personalised lunch box. Customisation available by digital printing, doming, laser engraving or pad printing. Minimum order: 15 pieces (colours and sizes combined); smaller quantities can be arranged with additional fees. Free quote within 24 hours on weekdays and a graphic studio is available to prepare or vectorise your logo.
