Reference	2909
Composition	ABS
Material	ABS
Average weight	0.206
Dimensions	6.5 x 6.7 x 3CM
Country of origin	China
Carton	50 pieces

DESCRIPTION

This Meas5 5-metre measuring tape features a recycled ABS case and a steel tape, designed for versatile use on site, in workshops or for quick field measurements. Its compact dimensions (6.5 x 6.7 x 3 cm) and wrist strap make it easy to carry; the end hook and tape graduations facilitate accurate measuring. The model comes in several colour options and a matt finish that limits visible wear.

In practical use, the rigid casing protects the retracting mechanism and the lock button secures the tape during measurement. The steel tape resists repeated bending and the compact profile fits neatly in a pocket or tool bag; maintenance is straightforward — wipe clean with a dry cloth.

As a personalised measuring tape it can be marked by tampography, digital printing or doming. Suitable for companies, sports clubs, associations, events and promotional gifting. Minimum order: 25 pieces (colours/sizes combined). Our graphic studio can retouch or vectorise your logo prior to printing.
