Reference	2913
Composition	Bamboo
Material	Bamboo
Average weight	0.043
Dimensions	8.5 x 7.7 x 1.2CM
Country of origin	China
Carton	200 pieces

DESCRIPTION

The Napol pizza cutter is a compact kitchen utensil made from bamboo (8.5 x 7.7 x 1.2 cm) with a stainless steel circular blade that retracts into the wooden body. A translucent white silicone ring protects the blade edge. Its slim, rounded profile provides a comfortable grip and easy storage, suitable for slicing pizzas, quiches and tarts.

The bamboo housing shows a natural finish and includes a slot where the blade tucks partially away to reduce accidental contact. The flat, pocketable design makes it convenient to keep in a drawer or gift box. Clean with a damp cloth and dry thoroughly after use to maintain the wood and metal—avoid prolonged immersion. The compact dimensions suit promotional packs and hospitality use.

Customisation options: laser engraving and tampography, ideal for companies, sports clubs, associations, schools, events and individuals seeking a personalised pizza cutter. Minimum order: 100 pieces (colours and sizes combined). Free weekday quote and in-house graphic studio available to prepare your logo.
