DESCRIPTION

Double-walled stainless steel cup, 350 ml, built to keep hot and cold drinks at the right temperature. The Cozycup features a foldable handle for easy carrying and a visible stainless steel band below the lid that adds structural strength and improved sealing. The 2-in-1 PP lid is leak-resistant and includes an RPET carrying strap for increased sustainability. It comes in several colours, for example black, white or petrol.

Best cleaned by hand to protect the lid and seals; the double-wall construction reduces condensation and makes the cup comfortable to hold. Its compact dimensions suit office use, travel and outdoor events.

Customisation available by screen printing and tampography; ideal for companies, sports clubs, associations, event giveaways and private customers. Note the product minimum: 12 pieces (colours and sizes combined). We provide a free quote on weekdays and a graphic studio to prepare or vectorise your logo.
