DESCRIPTION

Compact ABS torch in a pen shape, suitable for professional and organisational use. This unisex model measures about 16.6 cm and features a front LED plus a lateral COB strip for wide-area lighting. A magnetic base allows hands-free attachment and a side clip makes it easy to carry. Requires 3 AAA batteries (not included). Available in 1 colour (Black).

The textured grip and raised power button are visible in the photo; the plastic clip reinforces its practical character and the slim profile fits in a pocket or toolbox. Logo printing is best placed on the smooth area by the clip or along the cylindrical body depending on the usable surface.

Customisation available by pad printing for companies, sports clubs, associations, events or private customers. Minimum order: 100 pieces (colours and sizes combined). We provide a design studio to vectorise your logo, free quotes within 24 hours on weekdays, collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
