Bottle stopper

Ref. 2946

Reference	2946
Composition	ABS
Material	ABS
Average weight	0.026
Dimensions	Ø3.9 x 4CM
Country of origin	China
Carton	300 pieces

DESCRIPTION

This bottle stopper is made from recycled ABS and designed to seal wine bottles reliably. With compact dimensions (Ø3.9X4CM) it offers a comfortable grip and a rotary locking mechanism that prevents leaks. The smooth, rigid material is easy to clean with warm water, making it suitable for professional use in bars, catering or at events.

The Stopy model features a distinct rotating band at the base for the lock action and a seamless appearance that minimises dirt traps and simplifies maintenance. Its small footprint allows convenient storage in accessory kits or gift boxes while remaining robust for repeated use.

Branding is available by pad printing, perfect for adding a clear logo or short message to the locking ring. Minimum order: 150 pieces (colours and sizes combined). Suited to companies, clubs, associations, events and corporate gifts. Free quote within 24 hours on weekdays; our graphic studio can vectorise or retouch your logo.
