DESCRIPTION

The Rapid is a compact ABS camera accessory featuring an F2.4 lens and a 2.0" LCD screen for image review. It captures photos up to 12 MP and records FHD video. The built-in 300 mAh battery charges via the included USB-C cable. Measuring 8.8 x 6.0 x 3.2 cm, it is portable and suitable as a promotional gadget or giveaway. SD card not included; clean with a soft cloth.

The photo shows a rectangular body with a top dial and shutter button and a pronounced ring around the lens for easy handling. Small perforations indicate the speaker and the matte finish helps mask fingerprints. Its compact proportions make it practical for corporate gifts or event merchandise.
